SESE	**Geography –** What is the **difference** between weather and climate? 1) Investigate the positive and negative effects of different weathers on people around the world and us here in Ireland. 2) Research the different climate zones (polar, arid, tundra, Mediterranean, tropical etc) around the world. Which do we live in? In your hardback, write a few lines on each zone listing the countries that experience them. You could try drawing a rough world map & colour the zones. 3)Met Éireann website has reports and **charts** on weather past. **Compare** this lockdown sunshine to the last few years. What do you notice? There are also quizzes and facts available here https://www.met.ie/education/school-resources/				
P.E.	I know lots of you are out and about exercising in this sunny weather which is fantastic! Keep it up! ~This week, try building an **obstacle course** in your garden. Hop around chairs, crawl under tables, jump, skip, solo run etc Who in your family can make it through the fastest? ~Do you trust your siblings?! Try a blindfold trail challenge where they direct you around the garden, SAFELY! (There may be imaginary rivers to swim, mountains to climb, bears to fight. Have fun!) ~The GAA also have a selection of 'Game Challenges' videos to practice and improve your skills here https://learning.gaa.ie/gogamesskillchallenges Ballylinan GAA are taking part in the #doitfordan campaign. Can you run 5km? Have you tried the burpee challenge yet? Good luck!				

*It was great to hear from so many of you and your parents this week. This email address is not just for help. You can send photos of the work you've done or brush up on your typing skills by letting me know what you've been up to! I have some challenges and brain teasers in return if you'd like ☺ or I can send you answers to your MM, New Wave, Léigh sa Bhaile or R@H.

** I'd encourage those whom are exempt from Irish to spend a little extra time on your SESE projects, keep practising your tables and engage with books daily.

***Everyone can have a look at this *free* website, which provides you a chance to read at your own level. https://www.freereadingprogram.com/
