Maths <b>MM Week 36 →</b>	Circle ( <i>continued</i> ) PM p143 A&B** <u>Remember:</u> Circumference = Diameter x 3.14	Circle PM p144 Area of a circle A Drawing circles B, C & D	Circle PM p145 Check up C & D	Circle PM p145 E See Visual Art	<b>Friday review</b> Practice writing out your tables. Time yourself! Eg. 7, 14, 21, 28 or 96, 88, 80, 72 etc
SESE	<b>Geography</b> – The United States of America has been in the news a lot recently, in particular President Trump and his reactions to Covid-19, amongst other things. Have a chat with your family what you know about him. The USA regularly features on peoples’ ‘Places to visit’ list but there are many more countries on the continent. Research North America using your Atlas hunt as a guide (p56-57). Which country would you like to visit? Choose one and explore it further yourself. You can extend this project by constructing/drawing/painting a famous building/landmark/person.				
Visual Art	This week we are exploring circles, linking our visual art with our maths. Wassily Kandinsky was a famous Russian artist known for his belief in the magical properties of geometric shapes such as circles. Look up ‘Circles in a circle’ and ‘Several Circles’ by Kandinsky. Using your compass (or free hand) draw circles on a blank piece of paper in response to the artist’s famous work. Have fun with colours! Read about Kandinsky’s life and art here <a href="https://www.wassilykandinsky.net/">https://www.wassilykandinsky.net/</a>				

\*Go back to p.50 and from there until the end of the book choose 18 words to revise this week. Maybe you found them tricky to spell the first time or you can’t remember the meaning. Be honest (no skulduggery!) and push yourself (the further down the list the trickier the words can get).

For your grammar pages on the right, read the instructions carefully. Then read them once more. I can answer any questions via email if you’re stuck.

\*\*Maths - challenge yourself with C if you found A & B easy. Email if you need any assistance 😊

This week Ms. Lacey and I are trying something new so that all of 6<sup>th</sup> class can talk and connect in a private, safe environment together. **A virtual circle time!** Below is a link which gives you access to a PADLET. This is a board where you can share thoughts, messages, photos etc with only your sixth class friends. Click on the link, press the pink + symbol to add a new comment box and away you go. Here you can write your response to the question posed and your classmates can view it. You can add more than one or you can edit after you have posted if you want to change something. Please sign your name at the end or in the title otherwise you will be anonymous and it loses its spark if you can’t see who you’re talking to! We cannot wait to see you chatting to each other again 😊 <https://padlet.com/room12helpballylinan/t8i1iluvjg9sntgn>
